Remarks

This beautifully updated condo feels like a true home-not simply a place to live. From the moment you step inside, you will appreciate the real hardwood floors throughout, fresh paint, and the updated kitchen featuring white cabinetry and upgraded appliances. The stunning stone fireplace with gas logs creates a warm and inviting centerpiece for the great room. The home offers two spacious bedrooms, two full bathrooms, and an abundance of natural light. The oversized dining room provides plenty of space for entertaining, while the screened-in sunroom features upgraded door walls and overlooks the community pool and lush greenery. The current owner has also planted beautiful flowers around the unit for you to enjoy. Located toward the back of the complex, the setting is less chaotic and offers plenty of convenient parking, including additional parking directly across the street. The nearby garage provides excellent storage for seasonal items and everyday necessities. Enjoy a highly convenient location within walking distance of Laurel Park Place, restaurants, shopping, and entertainment, with easy access to all major expressways.
